-----	-----	--------------	-----

Designed for in-service personnel and pre-service officers, the Administration of Justice program offers students a chance to learn what it is really like in the world of law and order. Such a degree can lead to positions in police departments, correctional facilities, the courts, probation and parole offices, working with juveniles, and private enforcement agencies that specialize in security or investigation. There are also jobs in almost all federal agencies, as these offices have enforcement branches vital to everyday functions. Opportunities are dependent upon recruiting standards of each particular agency. Students should see an advisor for this program.
