

PRODUCTION TECHNICIAN CERTIFICATE (INDMA C507)

FCC	LTC	✓ OCC	WVC
-----	-----	-------	-----

The purpose of the Production Technician program is to recognize, through certification, individuals who demonstrate mastery of the foundational core competencies of advanced manufacturing production at the entry-level to front-line supervisor through successful completion of the certification assessments. The program goal is to raise the level of performance of production technicians to help employers ensure their workforce increases the company's productivity and competitiveness.

This program is ideal for individuals with limited to no prior knowledge of manufacturing to begin a career pathway in the high skill, high wage, in-demand manufacturing industry.
