Chris Cantwell reviewed the Identity Theft Prevent Program Status Report. IECC participates in the Federal Direct Student Loan Program, offers institutional loans to students, and administers a tuition payment plan that allows qualified students to pay their tuition and fees throughout the semester. Therefore, IECC is a “creditor” and student accounts are “covered accounts” subject to the Red Flags Rule which required IECC to develop and implement an identity theft prevention program. IECC’s Identity Theft Prevention Program and Identity Theft Prevention Policy 100.23 were developed and approved by the Board on March 17, 2009. And the plan was reviewed and updated January 2016. No major updates were made to the current Identity Theft Prevention Program. The CEO recommended acceptance of the 2015 Status Report for the Identity Theft Prevent Program.

**Board Action:** Trustee Brenda Culver made a motion to accept the Identity Theft Prevent Program Status Report for 2015 as recommended. Based on this review, the administration recommended implementation of a $10 per credit hour mandatory Maintenance Fee. This fee would be used to support the maintenance and infrastructure of the colleges and would be effective Summer Term 2016. The CEO recommended approval of this new Maintenance Fee.

**Board Action:** Trustee Brenda Culver made a motion to approve the new $10 per credit hour mandatory Maintenance Fee, as recommended. #8-I. Corrected Special Warranty Deed for Property Transfer to FCC Foundation: A corrected Special Warranty Deed for Property Transfer to the Frontier Community College Foundation was presented to clarify the terms of the conveyance. At the September 15, 2015 regular meeting of the Board of Trustees, the Board approved the sale of 1.16 acres of District property to the Frontier Community College Foundation. To comply with title insurance company requirements, the Board, on November 17, 2015 approved the deed of conveyance.

Following the Board action on November 17, 2015, the Foundation entered into negotiations with Kieffer Development, LLC concerning the sale of the property. As part of that sale, Kieffer Development offered to add a 98 X 61 extension to the existing student parking lot.
located west of the existing Workforce Development Building. That expansion would be done at
the expense of Kieffer Development and in exchange the District would convey an easement
over its existing parking lot. The original deed indicated that Kieffer Development would
stabilize the soil under the existing parking lot and the extension and maintain both the lot and
the extension in the future by spreading and maintaining a minimum of six inches of CA6
aggregate base on the existing parking lot and the parking lot extension. That was a
misunderstanding of the agreement between the FCC Foundation and Kieffer Development.
This corrected deed conveys the property and the easement, but does not require the stabilization
of the soil under the existing parking lot and extension. The CEO recommended approval of the
Special Warranty Deed for conveyance of property to the FCC Foundation.

Academic Requirements Policy 500.20
MEMORANDUM

TO: Board of Trustees
FROM: Terry L. Bruce
DATE: March 15, 2016
RE: Revisions to Academic Requirements Policy 500.20

IECC’s academic probation report identifies all students whose cumulative grade point average, after earning 12 credit hours, falls below a C (2.0). These students are placed on academic probation. Therefore, the Academic Requirements Policy 500.20 has been revised to accurately reflect the academic probation report.

I recommend the Board waive the second reading and approve Policy 500.20 effective immediately.

Any degree/certificate-seeking student whose cumulative grade point average falls below a C (2.0), after attempting earning 12 credit hours, will automatically be placed on academic probation.

A student on academic probation must earn at least a C (2.0) average in the term immediately following placement on academic probation, or the student will be dropped from the degree program. A student then must maintain a C (2.0) average in the term following such dismissal from the degree program to remain in the college.

A student who is placed on academic probation and who earns a C average in the term(s) following placement on academic probation will remain on academic probation until such time as the student's cumulative grade point average returns to C (2.0).

Notice of academic deficiency will appear on the student's transcript by semester. Each college and/or academic program will establish procedures to give timely warning of deficiency and its consequences to students. Deficiency warnings will be sent to all students to inform them that they are on academic probation.

When the student achieves a cumulative GPA of C (2.0), then he or she will have returned to academic good standing.

Students who are participating in Illinois Eastern Community Colleges International Student Program may not enroll in on-line courses without permission from the Program Director of International Students, in recognition of the significant learning experience which occurs through cultural immersion in a classroom environment.

Attachment
Our mission is to deliver exceptional education and services to improve the lives of our students and strengthen our communities.

Strategic Planning at IECC
The purpose of IECC’s Strategic Plan is to prepare for the future, prioritize issues, and create strategies that will lead the District in successfully meeting its mission to provide excellence in teaching, learning, public service, and economic development. IECC’s Strategic Plan was developed through a district-wide process which identified critical focus areas, established strategic goals and objectives, and developed actions and activities to achieve these objectives, as well as establish targets and indicators to measure success and to ensure the Plan’s ongoing review and renewal. IECC’s Strategic Plan is designed as a “work in progress” that is annually reviewed as IECC makes progress towards these strategic goals and objectives and sets new goals for the future. When developing IECC’s Strategic Plan, a six-step process is used that includes: environmental scanning, evaluation, forecasting, goal setting, implementation, monitoring and assessment.

Strategic planning has allowed the District to assess where it is, determine where it wants to be, and define the steps necessary to get there. Strategic planning is helping IECC face a variety of emerging educational challenges that include changing student demographics, declining district-wide population, emerging models of higher education, and decreasing state funding.

Strategic Plan Status
Over the past four years, the Strategic Planning Committee has monitored the Strategic Plan goals and activities through reports and assessments submitted by staff responsible for each activity. Progress is assessed at appropriate intervals, and this 2015 Status Report provides a summary of the progress made in achieving IECC Strategic Plan initiatives since the 2014 update. In 2016, the strategic plan will be updated and revised to include new emergent strategies, focus areas, goals and activities relating to and impacting IECC’s mission.
Strategic Plan Status Report

Throughout both its development and implementation, IECC’s Strategic Plan has linked the goals, objectives and activities of the institution directly to the Higher Learning Commission’s Criteria for Accreditation.

Criterion One: Mission
Criterion Two: Integrity: Ethical and Responsible Conduct
Criterion Three: Teaching and Learning: Quality, Resources, and Support
Criterion Four: Teaching and Learning: Evaluation and Improvement
Criterion Five: Resources, Planning, and Institutional Effectiveness

IECC has made significant progress on the Strategic Plan focus areas and goals in the past three years, despite the economic climate and the State budget deficit that directly affects the District.

Thirty-four initiatives, actions, or activities were identified to meet the Strategic Plan objectives and goals. Ninety-one percent (31/34) of the activities have been implemented and are in progress, are ongoing or have been completed. One activity has been put on hold due to budget limitations, however this activity will be addressed and implemented in 2016.
