PROGRAM ARTICULATION AGREEMENT

Illinois Eastern Community Colleges
A.A.S. in Administration of Justice
Olney Central College

to

Indiana State University
B.S. in Criminology

Statement of Intent

The purpose of this articulation agreement is to provide a mechanism whereby individuals graduating with the degree of Associate of Applied Science Degree (A.A.S.) in Administration of Justice from Olney Central College, a campus within the Illinois Eastern Community Colleges District, would be eligible to complete the requirements for the B.S. degree in Criminology at Indiana State University. Such eligibility is subject to the conditions detailed below and in attachments to this agreement.

Principles upon which Articulation is Based

1. The articulation initiatives are consistent with the Commission of Higher Education's State Policy (effective July 1, 1996) on Associate Degree Programs Offered at Public Institutions.
2. Relationships between Olney Central College and Indiana State University faculty and administrations have been and will continue to be in the spirit of cooperation which provide the basis for all articulation initiatives.
3. Recognizing that changes in curricula and course content are inevitable, each institution agrees to discuss with the other institution all curriculum changes affecting this agreement before the changes are implemented.
4. Graduates of the Olney Central College campus A.A.S. degree program in Administration of Justice who successfully completes the B.S. Degree program in Criminology, meeting all transfer, retention and graduation requirements as stated in the Indiana State University catalog, will be awarded the degree of B.S. in Criminology.

Specifics of Articulated Programs

1. Associate of Applied Science degree
 - A. Olney Central College offers an Associate of Applied Science degree in Administration of Justice at all Illinois Eastern Community College sites wishing to participate in this articulation agreement.
 - B. The A.A.S. degree will be designed as a transfer degree for students wishing to complete a baccalaureate degree at Indiana State University following the completion of the A.A.S. degree and the degree will consist entirely of course work transferable to Indiana State University.
2. Curriculum
 - A. The A.A.S. degree contains at least 40% of the course work which is the equivalent to freshman and sophomore level content courses required for a B.S. degree in Criminology.
 - B. The A.A.S. degree program contains at least 40% of course work which is transferable to Indiana State University to satisfy the Basic Studies and Liberal Studies portion of the baccalaureate General Education program and additional hours toward graduation. More than 124 hours may be required for graduation to satisfy the necessary 50 hours of upper division (300 and 400 level courses.).
 - C. The maximum number of semester-hours to be transferred to Indiana State University is 94, however, the specifics as to how transfer courses apply to this specific degree are detailed in the attached matrix.
 - D. Course syllabi for the Olney Central College campus courses which have been found to be equivalent are on file in the Office of Degree Audit and Transfer. Olney Central College agrees to use these syllabi, or their updates, as the foundation for those courses.
 - E. All graduating students from Indiana State University must earn a minimum of 50 credit hours at the 300/400 level. These credits will be distributed between General Education and the major courses.

3. Faculty Credentials

- A. Desired faculty credentials for the courses taught should become part of this articulation agreement and be documented in course syllabi.
- B. Faculty qualifications should meet the following guidelines for Associate degree programs:
 - 1. an adequate number of appropriately qualified full-time faculty,
 - 2. the qualifications should include, but not be limited to, emphasis upon: extent, recency, and pertinence of academic preparation; teaching as well as practical experience; and membership and participation in organizations that provide support for, and contribute to, the appropriate body of content, and
 - 3. normally at least substantial or continuing progress toward a masters degree is required in a discipline closely related to the instructor's assignment for regular faculty members with a goal to increase the number of faculty with masters degrees.
- B. These credential requirements apply to both full-time, regular faculty as well as temporary and/or adjunct faculty.
- C. Olney Central College agrees to maintain an adequate number of qualified full-time faculty to provide a desirable mix of full-time/part-time faculty.
- D. Olney Central College agrees and commits itself to work toward full implementation of the faculty credential requirements of the syllabi.

4. Program Articulation

The course patterns and equivalencies inherent in this 2+2 articulation agreement are shown in the chart in Appendix A. It should be used as a guide for student advising and course transfer acceptance.

5. Course Transfer and Grandfathering

- A. Students who seek to transfer course credit from Olney Central College into the ISU College of Arts and Sciences will have their transfer request evaluated on a course-by-course basis consistent with the prescribed policies and practices of Indiana State University and the College of Arts and Sciences.

- B. Students who have taken Administration of Justice course work at Illinois Eastern Community College before the implementation of this agreement may be allowed, on a case-by-case and course-by-course basis, to transfer those courses into the B.S. program at Indiana State University.
 - C. The program articulation agreement is null and void if a student does not complete the prescribed program with the appropriate course grades and overall gpa (2.00).
6. All students transferring course credit from Olney Central College to Indiana State University, whether following completion of the A.A.S. degree or for individual courses, will do so via official transcripts. Courses that are not included within the original articulation and/or transfer agreements will be reviewed on a course-by-course basis.
7. Program Review
- A. ISU will maintain records of students transferring from Olney Central College to the Indiana State University College of Arts and Sciences. In the event that questions arise, Indiana State University reserves the right to review the A.A.S. degree in Administration of Justice DI 11 at Olney Central College at either state-wide, regional or campus levels.
 - B. Indiana State University reserves the right to disqualify any region or campus in which significant deviations from this agreement are found.
 - C. A review of the articulation agreement will commence after the second full year of implementation and every three years hence.
 - D. Indiana State University will prepare an annual report regarding the success rate of Olney Central College graduates who are completing a B.S. degree program at Indiana State University.
