PROGRAM ARTICULATION AGREEMENT

Illinois Eastern Community College
A.A.S. in any technology related field
to
Indiana State University
B. S. in Human Resource Development

Statement of Intent

The purpose of this articulation agreement is to provide a mechanism whereby individuals graduating with the degree of Associate of Applied Science (A.A.S.) in any technology related field from any of the approved campus (*es*) of Illinois Eastern Community College would be eligible to complete the requirements for the B.S. degree in Human Resource Development at Indiana State University. Such eligibility is subject to the conditions detailed below and in attachments to this agreement.

Articulation Principles

1. The articulation initiatives are consistent with the Commission of Higher Education's State Policy (effective July 1, 1996) on Associate Degree Programs Offered at Public Institutions.
2. Relationships between Illinois Eastern Community College and Indiana State University faculty and administration have been and will continue to be in spirit of cooperation which provides the basis for all articulation initiatives.
3. Recognizing that changes in curricula and course content are inevitable, each institution agrees to discuss with the other institution all curriculum changes affecting this agreement before the changes are implemented.
4. Graduates of the Illinois Eastern Community College A.A.S. Degree program in any technology related field who successfully complete the B.S. Degree program in Human Resource Development, meeting all transfer, retention and graduation requirements as stated in the Indiana State University catalog, will be awarded the degree of B. S. in Human Resource Development.

Specifics of Articulated Programs

1. Associate of Applied Science degree
 - A. Illinois Eastern Community College will develop and offer an Associate of Applied Science degree in any technology related field at all Illinois Eastern Community College sites wishing to participate in this articulation agreement.
 - B. The A.A.S. degree will be designed as a transfer degree for students wishing to complete a baccalaureate degree at Indiana State University following the completion of the A.A.S. degree and the degree will consist entirely of course work transferable to Indiana State University.
2. Curriculum
 - A. The A.A.S. degree will generally range from 40-60% of course work which is the equivalent to freshman and sophomore level technical courses required for a B.S. degree in Human Resource Development.
 - B. The A.A.S. degree program will generally range from 40-60% of course work which is transferable to Indiana State University to satisfy the Basic Studies and Liberal Studies portion of the baccalaureate General Education program and additional hours toward graduation.
 - C. The maximum number of semester-hours to be transferred to Indiana State University is 94. However, the specifics as to how transfer courses apply to this specific degree are detailed in the attached matrix.
 - D. Course syllabi for the Illinois Eastern Community College courses which have been found to be equivalent are on file in the Office of Degree Audit and Transfer. Illinois Eastern Community College agrees to use these syllabi, or their updates, as the foundation for those courses.
 - E. All graduating students from Indiana State University must earn a minimum of 50 credit hours at the 300/400 level. These credits will be distributed between General Education and the major courses.
3. Faculty Credentials
 - A. Desired faculty credentials for the courses taught should become part of this articulation agreement and be documented in course syllabi.
 - B. Faculty qualifications should meet the following guidelines for Associate degree programs:

- 1) an adequate number of appropriately qualified full-time faculty,
 - 2) the qualifications should include, but not be limited to, emphasis upon: extent, recency, and pertinence of academic preparation; teaching as well as practical experience; and membership and participation in organizations that provide support for, and contribute to, the appropriate body of content, and
 - 3) normally at least substantial or continuing progress toward a masters degree is required in a discipline closely related to the instructor's assignment for regular faculty members with a goal to increase the number of faculty with masters degrees.
- C. These credential requirements apply to both full-time, regular faculty as well as temporary and/or adjunct faculty.
- D. Illinois Eastern Community College agrees to maintain an adequate number of qualified full-time faculty to provide a desirable mix of full-time/part-time faculty.
- E. Illinois Eastern Community College agrees and commits itself to work toward full implementation of the faculty credential requirements of the syllabi.
4. Program Articulation
- The course patterns and equivalencies inherent in this program articulation agreement are shown in the chart in Appendix A. It should be used as the guide for student advising and course transfer acceptance.
5. Course Transfer and Grandfathering
- A. Students who seek to transfer course credit from Illinois Eastern Community College into the Indiana State University College of Technology will have their transfer request evaluated on a course-by-course basis consistent with the prescribed policies and practices of the Indiana State University College of Technology.
- B. Students who have taken any technology related field course work at Illinois Eastern Community College before the implementation of this agreement may be allowed on a case-by-case and course-by-course basis, to transfer those courses into the B.S. program at Indiana State University.

- C. The program articulation agreement is null and void if a student does not complete the prescribed program with the appropriate course grades and overall gpa(2.00).
6. All students transferring course credit from Illinois Eastern Community College to Indiana State University whether following completion of the A.A.S. degree or for individual courses, will do so via official transcripts. Courses that are not included within the original articulation and/or transfer agreements will be reviewed on a course-by-course basis.
7. Program Review
- A. Indiana State University will maintain records of students transferring from Illinois Eastern Community College to the Indiana State University College of Technology. In the event that questions arise, Indiana State University reserves The right to review the A.A.S. degree in any technology related field at Illinois Eastern Community College at either state-wide, regional or campus levels.
 - B. Indiana State University reserves the right to disqualify any region or campus in which significant deviations from this agreement are found.
 - C. A review of the articulation agreement will commence after the second full year of implementation and every three years hence.
 - D. Annually a report will be prepared by Indiana State University regarding the success rate of Illinois Eastern Community College graduates who are completing a B.S. degree program at Indiana State University.
