TESTS/EXAMINATIONS

A student who has completed any of the testing methods identified below may be awarded academic credit based on the considerations outlined in policy 500.5 and in accordance with this procedure.

Proficiency Examinations Administered by IECC

IECC awards credit by proficiency examinations administered **on-campus at an IECC Testing Center**.

Courses eligible for proficiency testing are limited, requiring evaluation on a case-by-case basis. The following conditions apply:

- A proficiency examination may not be taken for a course which a student has previously completed for credit, audit, or pass/fail.
- A student may take a particular proficiency examination only once.
- A student has 30 days from the date of payment to complete the exam.

Request and approval steps:

1. Student must confer with their advisor and the appropriate instructor to begin the process and obtain the required permission/signature on the Proficiency Application. Permission is granted when the instructor has reason to believe the student possesses sufficient proficiency in the subject course.
2. If approved by the instructor, the student must obtain signatures of permission from the advisor and dean of instruction.
3. Once fully approved, student must take the application to the Business Office to remit payment and secure signature as proof of payment. This payment is nonrefundable.
4. Student must submit application to the approving instructor who will arrange for the exam.
5. Once the proficiency examination has been completed, the instructor will determine the grade and note it on the application, sign the application, and forward it to the dean of instruction.

6. The dean of instruction will review, sign application, and forward form to: registrar if exam was completed with a C or better; student services/records if exam was not completed with a C or better.
7. The registrar will post the credit to the student's academic record in the manner described in policy 500.5; student services/records will retain the application in the student's academic file.

Examinations Administered by Others and Accepted by IECC

IECC awards academic credit from the following standardized tests when minimum scores are achieved:

- AP (Advanced Placement) testing
- CLEP (College Level Examination Program) testing
- IB (International Baccalaureate) program

AP and CLEP credit is limited to the course equivalencies outlined in the tables below; IB scores will be evaluated for applicability to IECC courses upon receipt.

The following scores will be considered for credit:

AP Scores of 3 or greater
CLEP scores of 50 or greater
IB scores of 4 or greater

Students wishing to use this credit at IECC must submit an official document, verifying their examination scores, to student services. AP, CLEP, and GED documentation will be reviewed by the student's advisor for evaluation. The advisor may consult the dean of instruction as necessary and then send recommendations to the registrar for posting to the student's academic record in the manner described in policy 500.5. IB documentation will be reviewed by the dean of instruction and/or faculty with recommendations being submitted to the registrar for posting to the student's academic record in the manner described in policy 500.5.

The deans of instruction review the subject examination criteria in order to determine if credit will be awarded for electives, general education requirements or major requirements and the number of credit hours to be awarded. Additionally, recommendations are reviewed

from the Illinois Articulation Initiative pertaining to Advanced Placement credit. Every 2 years (minimum), the deans of instruction (or designee) will review the AP and

CLEP tables to ensure they are current and inclusive of all applicable areas of study/courses.

Advanced Placement (AP)

Students who achieve the following AP test scores will be granted academic credit for the corresponding course equivalencies at IECC.
