Clinical III: PTA 2250 (continued on second page)

Entry Level (\checkmark): 1- 16, 17.1-17.12, 18.1-18.7, 19.1-19.3, 21.1-21.14, 22, 23,24,25,26		Entry Level (√) in any 10 of the following remaining applicable skills are required by the student by the end of CE 3
Section I: Professional	Section IV: Tests and Measures	Section I: Professional
Behaviors (1-11)	21.1 Anthropometric	Behaviors
1. Professionalism	Measurements for Edema	NA
2. Commitment to Learning	21.2 Arousal/ Mentation/Cognition	Section II: Plan of Care
3. Interpersonal Skills	21.13 Ventilation, Respiration,	NA
4. Communication	Circulation	
5. Effective Use of Time &	21.3 Assistive/Adaptive Devices	Section III: Interventions
Resources 7. Problem Solving	21.4 Gait, Locomotion & Balance 21.5 Functional Outcome	20.1 Biofeedback
8. Clinical Decision Making	Assessments	20.2 Continuous Passive Motion
9. Responsibility	21.6 Skin Integrity	20.3 Cryotherapy
10. Stress Management	21.7 Joint Integrity and Mobility	20.4 Electrotherapeutic Agents 20.5 Hydrotherapy
11. Colleague or Community	21.8 Muscle Performance:	20.5 Gompression therapies
Education	Strength, power and endurance	20.7 Superficial Thermal
	21.9 Neuromotor Function	20.8 Deep Thermal
Section II: Plan of Care (12-16)	21.10 Range of Motion	20.9 Traction
12. Patient History & Chart Review	21.11 Self-Care / Home	20.10 Light Therapies
14. Modification within Plan of	Management	
Care	21.12 Sensation/Pain Response	
15. Patient Related Instruction	21.14 Aerobic Capacity and Endurance	Section IV: Tests and Measures
16. Discharge Planning.		NA
Section III: Interventions (17-20)	Section V: Healthcare	Section V: Healthcare
17.1 Aerobic Activities	Environment	Environment
17.2 Balance Activities	22. Safety 23 Interprofessional Practice	NA
17.3 Coordination Activities	24 Documentation	
17.4 Breathing Exercises	25 Billing and Payment	Section VI: Site Specific Skills:
17.5 Inhibition/ Facilitation 17.6 Relaxation	26 Quality Assurance/Performance	27. Airway Clearance
17.7 Manual Strengthening	Improvement	28. Amputation/Prosthetic
17.8 Mechanical Strengthening		Management
17.9 Motor Development Training		29. Aquatic Therapy
17.10 Posture Awareness		30. Environmental Barriers
17.11 Range of Motion		31. Ergonomic Assessment/ Work
17.12 Stretching		Conditioning
		32. Orthotic/ Supportive/ Protective
18.1 Adaptive Device Training		Devices
18.2 Bed Mobility		33. Prevention/Wellness/Screening34. Wound Management
18.3 Body Mechanics		35-37 Site Specific (optional)
18.4 Gait		
18.5 Tilt Table		
18.6 Transfers 18.7 Wheelchair Mobility		
19.1 Passive Range of Motion		
19.2 Therapeutic Massage		
19.3 Joint Mobilization
