Attendees under 18 must be accompanied by an adult.

Payment is due at time of reservation. Payment is non-refundable after registration deadline.

**FRONTIER**  
COMMUNITY COLLEGE

# HOW TO REGISTER

The easiest way to register is by visiting Student Services at Frontier Community College. Early registration is recommended because class sizes are limited.

## **Registration and Confirmation**

Pre-Registration is required for all classes. Student signature and payment are required at registration. Classes can fill up quickly, so early registration is encouraged. Confirmation of registration will include a course schedule, receipt, and other information specific to the enrolled classes. Students under age 18 require a parent/guardian's signature on registration documents.

## **Cost**

Classes require pre-registration and payment. Registrations are not valid until payment is received.

## **Enrollment and Cancellation**

If a class reaches enrollment capacity, a waitlist will be created for the class. Students should provide current contact information including phone number and an active email address so students can be notified if class information changes or a class is cancelled. Classes are subject to cancellation if the minimum enrollment is not attained. In the event of cancellation, students will be notified. Some classes have limited enrollment due to space or other limitations.

## **Refund Policy**

Unless otherwise stated in the course description, students must drop a class at least five business days before the first session to receive a refund. No refunds will be issued after that time. For trips organized by Frontier Community College, fees are to be paid at the time of registration. Fees are non-refundable. Registration is not transferrable without consent from Frontier Community College. Trips coordinated by FCC with an outside organization will follow the policies and procedures of the outside organization.

## **Classroom Expectations**

We strive to provide excellent learning experiences in Non-Credit education classes. As a result, anyone exhibiting inappropriate behavior or disrespectful language may be dismissed without a refund. Students are expected to adhere to the code of conduct as outlined in the IECC catalog.

# Science Explorer

**June 7-9 9<sup>am</sup> - 11<sup>am</sup>**

**Grades 1-3 CRN: 12054 \$75**

**June 10 9<sup>am</sup> - 11<sup>am</sup>**

**Grades 4-7 CRN: 12056 \$25**

## Workforce Development Center

### Grades 1-3

This new Science Exploration camp will introduce students to hands-on fun science projects that will spark learning and discovery. Students will perform guided hands-on science experiments while building their creativity, critical thinking, and problem-solving skills in this fun three-day class.

### Grades 4-7

Experience science by participating in this exciting summer camp which includes hands-on science experiments. Students will perform various science experiments or STEM challenge. Learn science by doing science in this science exploration class especially for middle school age students.

# Canvas Paint

**June 13 | 9<sup>am</sup>-11<sup>am</sup> | Grades 4-8 | \$25 | CRN:11120**  
**Workforce Development Center**

Create your own work of art in this guided painting class. Students will take home their personally created paint canvas.

# Rock Painting

**June 13 | 1<sup>pm</sup>-2<sup>pm</sup> | Grades 1-6 | \$5 | CRN:11777**  
**Workforce Development Center**

ROCK Frontier in this fun rock painting class. Students will paint rocks with guided instruction. Rocks generously donated by Carter Trucking.

# Sign Language

**June 14 | 9<sup>am</sup>-11<sup>am</sup> | Grades 1-8 | \$15 | CRN:11118**  
**Workforce Development Center**

Learn to communicate using your hands. Students will learn the alphabet, words, and basic phrases.

# Tie-Dye

**June 14 | 1<sup>pm</sup>-2<sup>pm</sup> | Grades 1-8 | \$25 | CRN:11119**  
**Workforce Development Center**

Students will design their own unique pattern using rubber bands and dye to create their own individualized tie-dye T-shirt. It is recommended students wear an old shirt in the event of a mess.

# Art Attack

**June 15 | 9<sup>am</sup>-12<sup>pm</sup> | Grades 1-6 | \$35 | CRN:11117**

## **Workforce Development Center**

Enjoy fun, challenging, and educational art projects! Students will be introduced to subject art and encouraged to express their imagination. Learn about different types of art and art methods, from pencils to paints.

# Camp CSI: Shark Attack

**June 16 | 1<sup>pm</sup>-4<sup>pm</sup> | Grades 4-8 | \$25 | CRN:11738**

## **Mason Hall Room 21**

Shark attacks have been menacing Australian beachgoers. This guided-investigation will expose students to the fundamental principles of DNA fingerprinting. Use gel electrophoresis to compare DNA fingerprints from the shark attacks and determine if a single shark is to blame.

# Jr. Paleontology

A young boy with light brown hair, wearing a blue shirt, is looking through a magnifying glass at a large, detailed model of a dinosaur skull. The skull is mounted on a tan-colored base and features sharp teeth and eye sockets. The background is a solid blue wall.

**June 22 | 9<sup>am</sup>-11<sup>am</sup> | Grades 1-4 | \$30 | CRN:12052**  
**Workforce Development Center**

Young learners will travel back in time to explore the exciting prehistoric world of dinosaurs through short lessons and hands-on activities. Students will learn about different fossil types and how fossils are useful in helping scientists distinguish periods of geologic time. Students will put their paleontology skills to work by creating their own fossils.

# Construction Junction

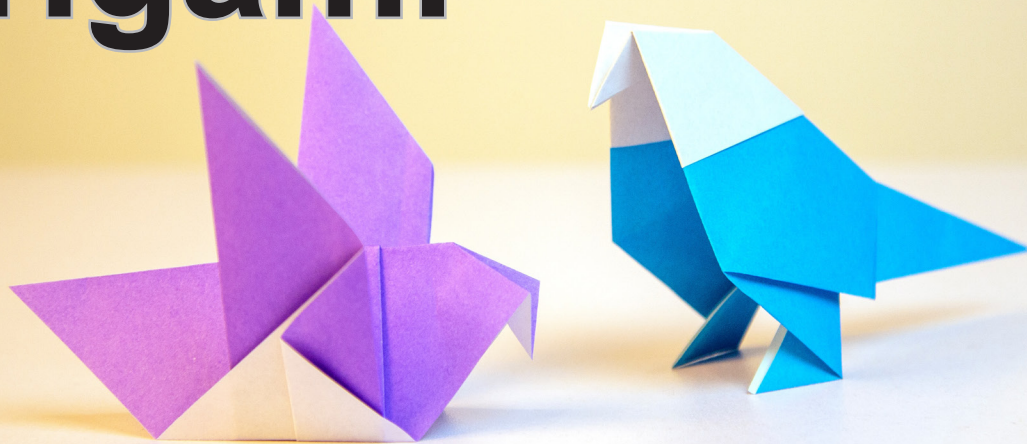

A close-up shot of a person's hands painting a wooden birdhouse. The birdhouse is light-colored wood with a circular hole. The person is using a paintbrush to apply orange paint to the side of the birdhouse. In the background, there are several potted plants and a black mesh screen.

**June 23 | 9<sup>am</sup>-11<sup>am</sup> | Grades 4-7 | \$30 | CRN:12053**  
**Learning Resource Center**

Put your creativity and carpentry skills to work in this new class. Build your own bird house with a take home tool kit to build more projects. Learn about electricity by creating a circuit board. Students will learn to strategize and think critically to build unique construction projects.

# Origami

**June 27 | 9<sup>am</sup>-10:30<sup>am</sup> | Grades 2-8 | \$10 | CRN:11733**  
**Learning Resource Center**

Learn to make origami animals using the art of paper folding. The ancient art of origami is not only fun, but it enhances problem solving skills and focus.

# Art Around the World

**June 28 | 9<sup>am</sup>-11<sup>am</sup> | Grades 2-8 | \$20 | CRN:12050**  
**Learning Resource Center**

Come learn about art from around the world. Explore art from various countries to develop an understanding of the techniques used to create various pieces of art. Students will create their own unique works of art from the countries in the class.

# Pickleball

**June 20-23 | 1<sup>pm</sup>-2:15<sup>pm</sup> | Grades 5-8 | \$50 | CRN 12251**

## **Community of Christ Church Family Life Center & FCC Campus**

Kids! Are you ready to learn the fastest growing sport in America? PICKLEBALL is a court sport played either indoors or outdoors with a paddle, a plastic ball, and a net. This class is for beginners who have never played the game before.

The class will start at the very beginning and add skills as students develop. Students will progress to quickly to game play, learn the rules of the game, learn to keep score, and end with a mini tournament. Students who register will receive their own paddle and ball and ready to hit the courts.

## **VOLLEYBALL CAMP DATES**

**Grades 1-4  
August 4 & 5  
8:00am-10:00am**

**Grades 5-8  
August 4 & 5  
10:30am-3:30pm**

**LOCATION TO BE DETERMINED**
