### **C. Rights of Students**

1. *Inspect and review education records*: A student may inspect and review his/her education record by completing an Education Record Request Form available from Student Services at the college of attendance.

The appropriate Student Services personnel will comply with this request within 45 days, but generally will not exceed seven working days after the request has been made. Records requested and approved for release may be inspected at the college during normal office hours, Monday through Friday, except on designated holidays or otherwise posted at the college.

Except as limited under 34 CFR part 99.12, IECC may not deny access to education records without providing a description of the circumstances in which the college feels it has a legitimate cause to do so.

Copies of education records can be obtained at a cost of 25 cents per page plus postage, if applicable. To obtain a copy of an IECC transcript, a student must follow the appropriate procedure and pay the transcript fee as outlined in the IECC catalog.

2. Request amendment of education records: A student who believes that information contained in his/her education record is inaccurate, misleading, or violates his/her privacy or other rights, may request amendment of the education record under 34 CFR Part 99.20 by applying in writing to the college's Records Office. The student must clearly identify the specific part of the record to be amended and explain why the record should be amended. The college shall decide whether to amend the records of the student, in accordance with the request, within ten working days from the receipt of the request. If the college decides to refuse to amend the education record of the student, in accordance with the request, it shall inform the student of the refusal and advise the student of the right to a hearing under 34 CFR Part 99.21. In the event the college determines insufficient cause to warrant an amendment to the record, the student has the right to add a statement to the record commenting on the contested information or stating why he/she disagrees with the decision. Future disclosures that would include this education record must include the student's statement.
3. Request the release of information: As a general principle, personally identifiable information will not be released to anyone. However, a student has a right to request and consent to the release of his/her information to others. A power of attorney will be treated in the same manner as would the student. A copy of the Release of Information form can be obtained and completed at the college of attendance in the Student Services Office.
  - a) Under 34 CFR Part 99.31, authorization is given for the release of personally identifiable information contained in education records,

without the student's consent, in the following instances:

- To IECC school officials who have a legitimate educational interest. NOTE: Once records have been disclosed to school officials, as defined by Board Policy, disclosure of that information to another entity or individual is prohibited;
- To appropriate parties in health or safety emergencies when knowledge of the information is necessary to protect the health or safety of the student or individuals within the campus community;
- To certain federal, state, and local educational authorities for audit or evaluation purposes, outlined in 34 CFR Part 99.35;
- To accrediting organizations to carry out their accrediting functions;

- Information concerning registered sex offenders may be released in a manner consistent with federal and state regulations.

IECC will maintain a record of each request for access to any of these disclosures as required by 34 CFR Part 99.32 and a student may inspect and review that record.

b) Under the Solomon Amendment (10 U.S.C. § 983), Military Recruiters are allowed access to some address, biographical, and academic information (limited to "Student Recruiting Information" as defined in the law) on students age 17 and older.

4. Restrict directory information: Directory information may be released from a student's education record upon the request of an outside party, without prior written consent of the student. IECC takes its responsibility to safeguard

the privacy of all students very seriously; therefore, all requests by outside parties for student directory information will be considered on an individual basis. As a condition for releasing directory information without permission, public notice is given annually to all students.

Students wishing to restrict release of Directory Information must file the Directory Information Restriction Notification form with Student Records.

Students are made aware of and educated on this policy through freshman orientation, the college catalog, IECC's website, and in handouts distributed by the college's Records Office. Annually, notification of students' rights under FERPA is provided to current students and employees via their IECC email addresses. A copy of this policy will be made available on request to any student.

## **APPENDIX G: APPROPRIATE USE OF INFORMATION TECHNOLOGY RESOURCES POLICY (200.2)**

In pursuit of its mission to deliver exceptional education and services to improve the lives of our students and to strengthen our communities, the Board of Trustees of Illinois Eastern Community Colleges ("IECC" or the "District") provides access to "information technology resources" (as defined below) for students, employees and other constituents within institutional priorities and financial capabilities.

Access to District information technology resources may be granted by the data owners of that information based on their judgment of the following factors: relevant laws and contractual obligations, the requestor's need to have access to the information technology resources, the information technology and resources' sensitivity and the risk of damage to or loss by the District which could result from its disclosure.

The District reserves the right to extend, limit, restrict or deny privileges and access to its information technology resources. Data owners--whether departments, units, students, or employees--may allow individuals other than District students or employees access to information

which they own or for which they are responsible, so long as such access does not violate any license or contractual agreement, District policy or any federal, state, county or local law or ordinance.

IECC information technology resources are to be used for the District-related activities for which they are intended and authorized. District information technology resources are **not** to be used for commercial purposes or non-college related activities without written authorization from the District. In these cases, the District will require payment of appropriate fees. This policy applies equally to all District-owned or District-leased information technology resources.

All users of IECC's information technology resources must act responsibly in their use of the resources. All users of District-owned or District-leased information technology resources must respect the rights of other users and comply with all pertinent licenses and contractual agreements. IECC's policy requires that all students, employees and other authorized users act in accordance with these responsibilities, relevant laws and contractual obligations and the highest standard of ethics. Each user must remember that his/her freedom to access, display or publish information is constrained by the rights of others who have the right not to be subjected to material that they find offensive. Information posted and/or published on the Internet may be accessible by any computer on the Internet.

Authorized users must all guard against abuses that disrupt or threaten the viability of any and all systems, including those at the college campuses and those on networks to which the District's systems are connected. Access to information technology resources without proper authorization from the data owner(s), unauthorized use of District computing facilities, and intentional or negligent corruption or misuse of information technology resources are direct violations of the District's standards for conduct as outlined in IECC Policies and Procedures, District collective bargaining agreement and the Faculty Handbook and may also be considered civil or criminal offenses.

#### **Privacy and Content**

Users should have no expectation of privacy or confidentiality in the content of electronic communications or other computer files sent and received on the District computer network or stored on any IECC information technology resources. The District information technology department staff, college technicians, or other district employees, may, at any time, review the subject, content, and appropriateness of electronic communications or other computer files, and remove them if warranted, reporting any violation of rules to the District administration and/or law enforcement officials.
