22-23	U.S. Laws
24	Safety & Crime Prevention Tips
25	Title IX & Sexual Misconduct
25	Academic Calendar
25	Important Contact Information
25	Welcome

## INTRODUCTION TO THE INTERNATIONAL STUDENT PROGRAM (ISP)

**Welcome to Wabash Valley College!** The International Student Program (ISP) advocates for and advises the international student population at WVC on U.S. immigration and visa-related issues. In addition to federally required immigration services, the ISP provides information, resources, immigration guidance, tips, and advice that can help our international students succeed. The ISP promotes and celebrates individuals in an intercultural environment.

The ISP is a center where international students can seek advice on the intersection of academic and U.S. immigration regulations, as well as social and acculturation issues. In addition, the ISP provides orientations and workshops on topics of interest, such as immigration requirements, employment, and cross-cultural communication.

Finally, the ISP exposes the Wabash Valley College community to the international population through sponsored programs and events on campus. Our overall vision is to foster global awareness throughout the campus community.
