Project Scope:

The mission of Illinois Eastern Community Colleges District #529 (the District) is to deliver exceptional education and services to improve the lives of our students and strengthen our communities. It is the belief of the District, that in order to fulfill this mission, all individuals attending our campus for any reason should have access to all features and facilities that the District maintains. Unfortunately, funding has not been available to accomplish any improvements or updates to existing restroom space to bring it into compliance with existing regulations. Additionally, under 28 CFR Section 35, a public entity shall maintain facilities in a manner that allow individuals with disabilities to use and access features that are required to be readily accessible. It is the desire of the District to meet this requirement.

The District has an estimated 19,500 square feet of restroom space at its existing locations. However, the District has a limited number of ADA compliant restrooms on its campuses. This remodel project will take our current restroom space located on each campus and ensure accessibility exists in every building. The work necessary to accomplish this would consist of a re-design of the current floor plan(s) of the existing restrooms. This re-design would include the removal and reduction of commode stalls to accommodate individuals in wheelchairs and other physical limitations. Washing sinks would require adjustment to necessary minimum heights to ensure proper access. A number of the existing wash sinks currently have exposed plumbing that require insulation or other protective barriers. Entryways to restrooms would require reconfiguration to allow for minimum width and clearance requirements as well as purchase and installation of automatic door openers to accommodate entrance to the restrooms.

Restrooms selected for this project will primarily target those used by students and guests of the District. Access to facilities, such as restrooms, improves the student and visitor experience.

Project Justification:

If project includes **Missing Core Campus Components** 1501.603 h)2); **Program Considerations** 1501.603 h)1); **Prior ICCB or State obligations** 1501.603 h)6) or **Structural Considerations** 1501.603 h)7), then please use this space for justification as this will greatly affect priority status.

Structural Considerations - 1501.603(h)(1)(A)(iv):

Project as submitted contains structural considerations in bringing facilities available to students, visitors, staff, and faculty into compliance with the accessibility requirements. Currently, facilities are accessible, but not necessarily compliant. The proposed project would bring the facilities into compliance.

Structural Considerations - 1501.603(h)(7):

As part of the overall remodel of facilities, updated commodes, sinks, and lighting would all result in energy conservation due to reduced gallons per flush, reduced leaking faucets, and motion sensor lighting.

Additional Documentation Required Prior to Funding (this will be required before funding is released):

- For New Construction please see requirements referenced in Administrative Rules section 1501.603 b).
- For Remodel and Rehab please see requirements referenced in Administrative Rules section 1501.603 c).
- For Secondary Site Purchase please see requirements referenced in Administrative Rules section 1501.603 d).
