Applicants Signature - By signing the space below, you are certifying that all information is correct and that you are the person completing this application.

---

Our purpose: to raise funds to support graduating Richland County High School students and new or returning IECC students entering the medical field. Dr. Stephen E. Reid took a special interest in education and mentoring future MD's and PA's and this tournament is a memory to his dedication to the field of medicine. With that in mind, the board has decided to extend the scholarship to all entities of medicine to be able to encompass all fields that facilitate greater patient care
